NOTE: The Agency for International Development (AID) continues its long-term work on restructuring its internal database (New Management System, NMS) that will integrate the agency's budget, programming, accounting, and procurement systems. As a result, AID's response to the fiscal year (FY) 2000 Federal S&E support survey has again been produced using an interim reporting system as it was for the FYs 1995-99 surveys. Any significant differences between AID's data reported for FYs 1995-2000 and data reported prior to FY 1995 can be attributed to this change in reporting systems. In addition, AID anticipates that future responses to the Federal S&E support survey may also differ from the FYs 1995-2000 submissions since the NMS, which will eventually be the database for reporting this information, will be refined to produce more accurate data.
